On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or Topic: HB2806

Dear Representatives of the House Committee On Agriculture, Land Use, Natural Resources, and Water

In the state of the economy and status of inflation, I find it literally appalling that this bill is being even being proposed, let alone as "PERMANENT", allowing annual increases of up to 3% on the licensing for commercial weighing and measuring instruments. This is assuming that inflation will increase by at least 3% each year?

I implore you to have mercy on the agricultural industry and small businesses in this state and vote NO on any increases this year.

If you value being re-elected, I implore you to NOT raise taxes or fees on our farms/ranches and small businesses in this state.

Respectfully.
