

Submitter: Mark Cosby
On Behalf Of: Citizens of Oregon
Committee: House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic: HB3119

House Committee of CCE.

I support HB 3119

It is fascinating yet disgusting to know the incompetence of a Legislative body that we would ban Diesel vehicles and remove dams... knowing the increase of energy needs as we grow. What happens to banks when these vehicle loans are abandoned. seems we have laws against the government reducing the real value of property. SHAME ON YOU !

But pass this bill and learn from the failures of the past.
