On Behalf Of: Don M Stevenson Partners
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB3190

My Dear Reps,

Please support this Bill 3190 because it will help keep Oregon cool!

We boast about our architects and have a long history of creating beautiful buildings with imported and local artists. A tax credit is an absolute "Must" as added incentive to developers to "do the right thing".

Thank you, Jeanie Coleman
