

Submitter: Casey Munck

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB161

We believe firmly in the importance of SB 161, which provides funds to continue many of important rural health activities, including scholarships, wraparound support, and workforce development assistance for Community Health Workers, Community Paramedics, and other important health careers pathways.

Local, on the ground health workers with lived experience are critical to healthy rural communities.
