

Submitter: Stephanie Coopman
On Behalf Of:
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB3190

As a board member of the Jefferson Westside Neighbors neighborhood association in Eugene, I support HB 3190 and urge your support. This bill is a first step in preserving communities and affordable housing. Historic neighborhoods include middle housing that has developed organically. These neighborhoods are the kind of walkable, climate-friendly, neighbor-connected places that we want to support. Please pass this bill.
