

Submitter: Lillian Carbone

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

What if we could save time in a bottle? What if we could be sure that the wonders of our world would be available to future generations? Making sure that the through line of our heritage to our grandchildren and great-grandchildren is a responsibility we must take on, and do all that we can to preserve and maintain this legacy. We are the only ones who can do it, as tomorrow will be too late.
