

Submitter: Victor Graf

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

To the House Revenue Committee:

So many Oregonians know the invaluable contribution historical properties make to our communities small and large throughout Oregon. That's why I am pleased to join support for House Bill 3190 and urge my Representative Isadore to also support it. It is an important way to help keep our communities strong and unique, socially and aesthetically. Thank you.
