

Submitter: DAVID PINYERD

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

As a former president of Restore Oregon and an active historic preservationist, I urge you to vote FOR the special assessment program for commercial property. The program has a proven track record of encouraging the retention and reuse of historic commercial properties. It's a program that pays for itself in increased property tax revenue over the long term and saves our tangible history in the process. Vote YES!
