HB3190

I'm writing to express my strong support for HB 3190 which proposes to re-enact the Special Assessment for Historic Properties program, with a focus on commercial properties. This financial incentive is critical to helping invest and revitalize these resources that have been hit hard over the past years. Additionally, the financial incentive offers the ability to create more housing production by adapting the underutilized/vacant upper floors of commercial buildings. I urge your support on this bill!
