Measure, Appointment or Topic: HB3190

I support HB 3190 and urge your support. Please pass this bill. I am a member of the Jefferson Westside Neighbors Historic District Task Force and believe that historic buildings contribute to the viability and livability of cities in many ways. They provide an historic record, enhance attractiveness of a city and appeal to visitors, which is good for the economy. Preserving buildings, rather than replacing them is good for the environment.
