

Submitter: David Marshall

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

I oppose the band on diesel engines in Oregon. Who thinks of these things? The impact on the economy and inconvenience for people who own RVs. Have you ever pulled a camper or a boat and enjoyed the power behind a diesel engine? Please stop regulating us to death and let Oregonians enjoy their freedoms.
