Measure, Appointment or Topic: SB800

I am NEUTRAL on [SB 800].

If you conduct business with the, "...State and or political subdivision..." you should be in tax compliance.

The "Expansion of provisions requiring tax compliance" will increase complexities of accounting and thereby the costs of tax accounting practices influencing prices. The "expansion of provisions" will be add to inflationary pressures on the economy.

There will be confusion as to legitimate non-licensees compliance is an issue requiring more discussion.
