On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

Hello fellow Portlanders,

Recently I attended a talk on Bill Naito. Preserving some of the great old buildings of Portland was a passion of his. How lucky we are to still have some of these gems. He took the long view. The surrounding beauty of Mt. Hood and the Willamette River make Portland a special place. Let's make sure our cityscape compliments that.

Please support HB 3190

Sincerely,

Linda Steinle
