I am NEUTRAL on [SB 484].

Whereas I am supportive to increase access to the courts but, \$20,000 level at small claims court may hear is a bit much for non-Attorneys.

Where judgements at Small Claims Court are final and not appealable to the Court of Appeals, the claimant may be doing themselves a grave injustice by not knowing the laws of procedure, property, evidence and et cetera.

Let us not forget the legal complexities of the looming ability of Defendant to counter-claim.
