

Submitter: Bridget Bayer  
On Behalf Of: Bridgeton Neighborhood Assn Clean and Green Team  
Committee: House Committee On Climate, Energy, and Environment  
Measure, Appointment or Topic: HB3119

It's time for certain motor vehicle emissions to stop polluting our environment. This is an emergency.

Please oppose this action of waiting to enforce some California rules on truck exhaust. The Oregon Department of Environmental Quality should start enforcing the Advanced Clean Trucks regulation now and only allow those vehicles who can't afford to improve their vehicles now to extend for two years, until January 1, 2027. If possible, consider developing "Clean Air grant program" for small businesses to gain access to funding to improve their vehicle emissions.
