

Submitter: Dianne Frank
On Behalf Of: Multnomah Education School District
Committee: House Committee On Behavioral Health and Health
Care
Measure, Appointment or Topic: HB2948

I've had previous experience with non-Nursing Administrators who attempted to include Nursing Protocols that weren't within the Nursing Practice Act. There was no understanding of how the Nurse must function within the clearly defined Nurse Practice Act. I was forced to change jobs due to their inability to understand that Nursing and the Budget are not always compatible.
