Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

My family moved to Oregon, post-WW II. My father shared Oregon and its history above and beyond what I learned in public schools; then the university level.

I've lived in Portland, Klamath Falls, and Albany, and have traveled the length and breadth of Oregon with generations of my family.

I've been a member of Portland's Architectural Heritage Center since its inception, family member of OHS, and member of Klamath County & Linn County Historical Societies.

What we share, historically, deserves our assist. I support HB 3190.
