Development

Measure, Appointment or  
Topic: HB3109

Dear House Committee on Higher Education and Workforce Development,

I wish to express my support for the funding of the Sustainable City Year Program. As a graduate student with the school of Planning, Public Policy, and Management at the UO, I can gratefully say that my experience with SCYP was a wonderful challenge. The work required for the courses was quite the introduction to graduate school, and the result was an increased confidence in myself that I could thrive as a professional. I love Oregon, I was raised in Oregon, and I would like to stay here to work and help change the state for the better. I feel that I am well equipped for that challenge because of the knowledge and skills that SCYP helped me develop. I 100% support HB3109.

Sincerely,  
Hunter Carey
