Topic: SB812

I think this is a great program. I know dozens of people who utilize LOP and I have myself. 100% of those people follow the rules to a T and use it to fill freezers. I cherish my ability to be able to live off wild game as food. I have great respect for the resource and everyone I know who uses it does as well. Please don't jeopardize my or anyone else's ability to eat a diet rich in wild game. If anything go after those who don't respect the resource or follow the rules. Make penalties for doing so severe but don't make it harder for law abiding folks to put food on the table. Also private land owners put their own time and money into keeping this wild Gabe in healthy habitat.

Thank you
