

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSE SB 748
Committee: Senate Committee On Labor and Business
Measure, Appointment or Topic: SB748

I OPPOSE [SB SB748].

I would have supported [SB 748] except for, "...Sec 2: (c) The cost of administering drug tests shall be paid by the Employment Department and may not be charged to an individual directly or deducted from the individual's benefits...."

Why should my tax dollars be used for paying a drug test and or benefits of the "fired" employee?
