I read a testimony supporting HB3020 by the humane society reference the Tijuana track Caliente. This entire testimony is riddled with false information in an effort to scare readers into support. I find this incredibly unprofessional. I also would like to notate that referencing caliente as a race track (in comparison to Wheeling Island or Mardi Gras) is downright wrong. There is nothing acceptable about Tijuana. The US embassy advises against travel there. So please don't use that track as a benchmark.

Australian greyhound tracks are considered the top benchmark for true racing and safety.

I am suggesting adding additional tracks to Oregon based ADWs

Thank you for your time and consideration.
