

Submitter: Gloria Lee

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3190

Received too late to get organizational endorsement. I am on the board of Oregon Chinese Consolidated Benevolent Association located in Old Town/Chinatown, Portland. It is a historic district which has been decimated by an imbalance of service providers, street camping and crime. Several cultural organizations are seeking support to create a cultural district so that we do not lose the history of the district and its iconic buildings. I am also on the board of Chinese American Citizen Alliance Portland and working closely with 4 other non-profit cultural destinations in Old Town. I support this measure.
