

Submitter: Tom Brooks

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

We support delay of restrictions on diesel fueled engines. We are family farmers in Benton county trying to make a living and using pickups are essential to our farm. We use pickups to haul supplies, equipment and workers from field to field. The hauling power we get cannot be replicated by electric vehicles, we would have to use semi trucks to get our work done.
