

Submitter: Matt Maris

On Behalf Of:

Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB2966

Most people agree that our infrastructure is outdated and deteriorating. The only way to build or update Oregon roads, bridges and resource infrastructure, is to create a steady and responsible income source.

The new committee will be able to identify the most pressing needs, avoid waste and provide family supporting jobs for Oregon workers. I urge a yes vote.

Thank you for considering my testimony.
