

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 223
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB223

I OPPOSE [SB 223]. Another egregious waste of GENERAL FUND taxpayer money.

[SB 223] is downright objectionable on many grounds.

First and foremost [SB 223] is a Disgraceful attempt to waste taxpayer money. It is bad enough staff time was used to construct print and post this abysmal piece of legislative crap.

Why should a ceremonial plaque be designed, manufactured, transported to every school and installed-all at taxpayer expense to glorify a Government employee for doing his job?

Don't forget the same Government employee supported removing 'single-family zoning,' empowering Developers to Develop higher density housing in the aforementioned neighborhoods thru legislation, having the affect of 'knee-capping access' to the Land Use Board of Appeals via potential draconian fees to be paid by aggrieved parties to the Developers.

David S. Wall

Mr. Oregon Concurs and says, "Check out [SB 8 (2021)]."
