Measure, Appointment or Topic: HB2200

I oppose HB2200. Start focusing on preserving our life, liberty, and pursuit of happiness again, like you swore to. Note President Trump's Executive Order dated January 20, 2025 which starts with: "Putting people over fish." The wildlife isn't paying taxes, we the people are. Quit risking and spending our money on your radical ideologies. The government's agenda to turn public opinion towards prioritizing climate change won't work. The agenda has gone too far and is now working against our basic human rights, our values, and common sense. I strongly oppose this bill.
