

Submitter: Michelle Ramage

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure, Appointment or Topic: HB2811

The path to end poverty starts with literacy. The Dolly Parton Imagination Library is a celebrated program in our community. Children love to receive their books, with pride and excitement. Parents love the quality time and mentorship it gives them when reading with their children. Over the summer, my outreach to promote this program demonstrated how families love DPIL. It feels wonderful that such a great literacy program exists and that our beautiful state of Oregon will continue to support HB2811.
