

Submitter: Jim COOPER
On Behalf Of: United Ways of the PNW
Committee: House Committee On Early Childhood and Human
Services
Measure, Appointment or Topic: HB2811

Please support the formal creation of and full funding of this vital early learning program. There is no program in the state that can reach as many of its target population for such a low cost as this one, well maybe except for voting and public schools. We appreciate you voting yes on HB 2811.
