

Submitter: FRANK GRIMM

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

It is absurd to think that our reigning political class has any common sense grasp on climate change. The reigning political class has as much business mandating climate change cures as I do of performing brain surgery on one or two of them. I oppose, with all my energy and will power, any new mandates on fossil fuel vehicles.
