On Behalf Of: Mr Oregon OPPOSES HB 2801
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB2801

I OPPOSE [HB 2801].

More time is required for the aggrieved to pursue their court cases.

The Klamath River flows must be studied for some time to determine the volume of water contained and or referenced in the 'water rights decree.'

Four dams have been blown to bits to save several species fish and other aquatic life but the Klamath needs time to heal and flows stabilized.

No, I cannot accept [HB 2801] as being good for anyone except the principals of the Klamath Renewal Corporation.

David S. Wall
Mr. Oregon Concurs.
