I SUPPORT THIS BILL BECAUSE THE "DEQ'S UTOPIAN ROAD TO SERFDOM EDICT" WILL HURT ALL RANCHERS,FARMERS, UTILITY COMPANIES, TOW TRUCK OPERATORS, LANDSCAPERS, DELIVERY SERVICES, RV SALES PLUS SHALL RAISE THE COSTS OF MANY OTHER SERVICES SEVERELY THAT MANY MORE BUSINESSES SHALL EITHER CLOSE DOWN OR MOVE OUT OF STATE. PLUS A DIESEL PICKUP WHEN HAULING HEAVY LOAD UNDER 26,000 LBS. GETS 40 TO 60% BETTER MILEAGE THAN A GAS POWERED MOTOR. 158 COUNTRIES ARE N O T DOING THIS OR THE ELITE RICH WHY ARE WE WILLING TO MAKE OUR STATE INTO A 3RD WORLD COUNTRY? ALSO, HAVE YE NOT LEARNED FROM TETON COUNTY GOVERNMENT THAT JACKSON HOLE,WYOMING IS THE COUNTY SEAT, THEY BOUGHT 10 ELECTRIC BUSES AT 1.6 MILLION EACH AND AFTER 3 YEARS,GOT RID OF THEM AND WENT BACK TO DIESEL BUSES IN 2021? IF A TESLA HAS A 320 MILE RANGE, IF TRAVELING FROM RENO TO SACRAMENTO 148 MILES, WHY WHEN TEMPS ARE BELOW 38 DEGREES TO AT A LOW OF 12 DEGREES AT DONNER PASS ON I 80, WHY DID MY BEST FRIENDS AND OVER 100 ELECTRIC ONLY VEHICLES TOOK 2 PLUS DAY TO GET TO SACRAMENTO BECAUSE OF LACK OF CHARGING STATIONS? REMEMBER WE HAD TAKEN OFF GRID 17,000 MEGAWATTS OF GOOD CLEAN COAL AND HYDROPOWER OFF THE GRID ON THE WEST COAST. SINCE 2011! HOW EFFICIENT SOLAR IS IN SUCH CLOUDY WEATHER SINCE NOVEMBER? ANSWER IS LESS THAN 20%. IN OUR CLIMATE.
