On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

Support HB 3119!

I represent the petroleum trucking industry. OR DA3886. Currently there is not an electric truck or charging infrastructure in place to force feed our industry. Plus the cost is twice that of diesel powered trucks. Due to inflation, 12% Federal Excise tax, CAT tax and numerous other expenses the trucking industry cannot support this electric mandate experiment.
