

Submitter: Kelli Rose

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB3119

Oregon nor the rest of the United States are equipped to go without fuel driven vehicles. We have rolling black out now what is that going to do to the big cities and our commerce. at We as Oregonians need to think the whole process through before we mandate things. We cannot afford these things, and not all people live in cities.
