On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

Greetings,

I am writing to express my support for House Bill 3173 which would help to keep OregonFlora alive and even thrive. OregonFlora has been extremely useful and eye opening for me. When I moved from Colorado to Oregon, I hardly had any idea what the plants were that I was seeing. I looked everywhere for proper resources to better understand the new natural setting I was in. I had the most luck with OregonFLora. I have learned so much from OregonFLora resources that I will value and remember for the rest of my life.

OregonFlora's work remains extremely important and relevant. It would mean the world for them to be more financially supported because, as we all know, plants and money don't really end up in the same sentence all that often.

I fully back the House Bill 3173.

Sincerely,
Bridget Pneuman
