Topic: SB812

As a rancher and timberland owner, I support SB 812 which repeals the sunset to make the landowner preference program (LOP) permanent. I support the use of LOP's as a tool to manage elk on private property. I have been involved in the program for years and gone through its many changes. Therefore, I personally support the current program framework and would not want to see additional changes. I sincerely encourage your support of SB 812. Thank you for the opportunity to comment.
