Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or Topic: HB3143

I support grants to help ranchers and farmers live with beaver whenever possible, and let beavers do their part to improve the natural balance of rivers and streams. Living with beavers probably requires taking measures. that involve effort and materials, and maybe hiring labor. Such grants could probably help ranchers and other landowners to take action to live with beaver, like "beaver deceivers" and tree protection of valuable trees,
