I do not think this is a good idea. I already pay taxes on my money and you guys are wanting me to pay more taxes on my winning..... it's my right to do what I want with my ticket... don't think it's fair you get to double tax me on my money... horrible decision on your part for this. I personally think you should have went public with this and let the people know what's going on. All of you think it's for child support. Weird... I don't owe child support...
