

Submitter: Maroun Aguero

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3170

I have grown up my entire life with adults not doing enough to stop our climate crisis. I have now exited my childhood dealing with the fact our climate will now never be the same. Please don't let people die for the incoming disasters. People's lives are on the line. Everyone's
