Topic: HB3170

I'm asking your support for HB 3170, which requests an additional \$10 million to fund a second round of the Community Resilience Hubs grant program. As a neighborhood association leader in Corvallis, I know there is much work still to do to organize, support, and prepare our neighborhoods for disasters and climate resiliency.

The need is obvious: In 2023, the program received \$10 million of one-time funding but could only support 96 of the 700 applicants.

Thank you.
