

Submitter: Susanna Askins

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2980

Surely after all the wildfire and other environmental disasters we have had it should be obvious to everyone how important is to support the wildlife stewardship bill. These issues have been sorely neglected and only good can come from seeing HB 2980 enacted.

The only people against this bill are those who only want profit for themselves and do not care if anything survives after their lifetime.
