

Submitter: Kevin Goodrich
On Behalf Of: Common Sense
Committee: House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic: HB3119

Diesel provides one of the most efficient form of combustible energy and is reliable year-round, incl. during winter's frigid months. Eliminating choices for Oregonians is antithetical to freedom - it is Draconian tyranny that cuts deeply into the pockets of each and every Oregonian (directly and indirectly). Our request is for Salem to ensure bringing back common sense transportation options in Oregon to assist with increasing wealth, not depleting it with "well-meaning" errors. Respects go to those legislators who know exactly what we're referring to, so thanks in advance for implementing policies that agree with Oregon's economy, not destroy it.
