

To Members of the Senate Education Committee:

During your hearing on Wednesday, February 5, 2025, I ask that you please watch the video regarding Rogue Primary School. <https://rogueprimary.district6.org/>

Rogue Primary is a K-2 public elementary school in Central Point School District and was established three years ago and incorporates “play-based learning” throughout their curriculum. This video is three and half minutes long and will provide an understanding of what “play-based learning” is like. I visited the school last year and was pleased to see the children engaged in their studies.

Most Sincerely,

Liz Marlia-Stein
