To Whom it May Concern, I am hoping you will support SB 538 (also known as Tensy's Law) this session. Although parents of disabled adults can be paid caregivers, this option isn't available for children, leaving many young families with impossible choices. SB 538 would increase access to Oregon's Children's Extraordinary Needs (CEN) waiver; allow parents of minors to be personal support workers; and ensure this compensation comes from already-obligated funding. Oregon has a legal and moral obligation to ensure that children with disabilities receive the care they are entitled to. The state already assesses the number of care hours a child needs, yet it consistently fails to meet these obligations due to workforce shortages. Tensy's Law is a simple solution: allow parents to be paid caregivers, ensuring that children receive the care they are entitled to while keeping them in the homes they know and love. With regards, Courtney Van Tress
