HB 3385

RECORDING FEE LAW FIX

Please Support HB 3385

- The Oregon Association of County Clerks (OACC) respectfully requests the legislature pass HB 3385.
- The County Clerks are responsible for running elections, as well as, recording documents, record preservation and processing requests for the records they maintain.
- House Bill 3385 would adjust public records law ORS 192.324 to rely on ORS 205.320 for establishing fees for public records requests.
- ORS 205.230 already establishes a fee schedule for records from the Clerk's offices.
- This change will help alleviate questions on what can and cannot be charged for public records by the clerks.

*The OACC represents
all of the Oregon County Clerks,
who are responsible for administering elections
and recording documents.*
