

Submitter: Donna Bleiler

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB851

I STRONGLY OPPOSE SB 851

One of the modifications is to count a whole month for retirement calculations when more than half the month is worked. It eliminates the partial calculations. That means a part-time employee that works 12 days a month receives full-time benefits for retirement. The PERS system is not in a situation to be generous, and this is fiscally not responsible.
