Bobby and Todd I am asking for your support of TENSY'S LAW (SB 538). Although parents of disabled adults can be paid caregivers, this option isn't available for children, leaving many young families with impossible choices. Tensy's Law would increase access to Oregon's Children's Extraordinary Needs (CEN) waiver; allow parents of minors to be personal support workers; and ensure this compensation comes from already-obligated funding. Institutional care is not only more expensive but also less effective than home-based care. Oregon spends over \$100,000 per month on state-run residential placements, while paying a parent caregiver a fraction of that cost would allow children to remain in their homes with consistent, high-quality care. Tensy's Law offers a fiscally responsible approach that prioritizes both budget efficiency and better health outcomes. We can do better than we have in the past. Please work to pass this Law. Thank you for your consideration. Kent Madison
