

Submitter: Carol Valentine

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3170

As a resident of Selma in Josephine County, I live in a high fire risk area. Low income rural communities like mine need resources in order to prepare for and respond to fire, smoke, extended power outages, and other situations that impact the safety and health of our residents. Please support the continued funding of the successful Community Resilience Hubs program.
