Members of the Senate Committee on Human Services,

My name is Wendy Younger and I'm an IDA Provider staff with the Linn-Benton Housing Authority that serves people living in Linn and Benton Counties. I am writing to share my support for SB 465, which improves the IDA Program by removing the annual match limit from statute, and replacing it with a total match limit.

This statutory change will not cost the program more money, it simply helps the IDA resource be more flexible based on each saver's situation. This improvement will allow savers to make asset purchases under their timeline, not ours, enabling some participants to invest more quickly in the financial assets that lead to higher educational attainment, stable employment, earnings from a business, or equity in a home. We encourage you to support SB465, so that we can better leverage IDAs to support Oregonians as they reach their financial goals.

Thank you for considering this change that will make a positive impact on IDA savers.
