Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3231

Hello! I am not an Oregon resident nor an Oregon voter! However, I love VISITING Oregon with my family and spending money in your great state. Strategically increasing the capacity of the state passenger rail network - of which this bill is a small but crucial component - would allow me and my family to visit much more frequently, and even visit places further afield. Please vote yes.

Respectfully yours,
Tarn Ohana
