I live with the food I purchase weekly at the People's Coop Farmers Market in Portland. The Snap match has been very sustaining for me to get fresh vegetables and fruits. Im low income elderly and want to energetically ask you to support in any way you can the continuation of these programs for Farmers Markets. Also, the local farmers are going to be more and more important in the coming years, they do a fantastic job brining these fresh vegetables and fruits to the market and these programs help them immensely. Those match dollars can only be used to support them. My life and health depends on these programs.

Thank You for your work and Im so hopeful that these matches and grants can continue.

Janet Marie
